

LOGITECH® STEREO HEADSET H230

Swappable colors for unstoppable style

This sleek analog headset gives you four different looks. Just swap out the color faceplates to match your personal style and start enjoying your Internet calls, music, movies and games in clear, full stereo sound.

FEATURE AT A GLANCE

One headset, four colors

Customize your look with included quick-change faceplates in four great colors.

Flexible noise-cancelling boom mic

- Reduces annoying background noise so you're clearly heard
- Rotates to where it picks up your voice best
- Flips up and out of the way when you listen to music or movies

Quick Control

Convenient in-line controls make it a breeze to instantly adjust headset volume and mute the microphone.

Discreet style, comfy fit

- Worn behind your head for a sleek, unobtrusive look
- Lightweight design feels just right even when you wear the headset all day

Plug-and-play simplicity

Just plug your headset into the 3.5 mm jacks on your computer and start calling on your favorite calling app.

WORKS WITH

- Windows® OS
- Mac® OS
- 3.5 mm stereo output
- 3.5 mm microphone input

Works with Logitech Vid HD™, Skype®, Yahoo!® Messenger, Gmail™, Windows Live® Messenger, and AIM®.

WHAT'S IN THE BOX?

- Headset
- User guide
- 2-year limited hardware warranty

Product description

100-word description

Look good and sound great. Use any of the four included colors to customize the Logitech Stereo Headset h230 to fit your own personal look. The sleek, behind-the-head design is perfect for video or voice chat and is compatible with all popular Internet Chat applications. The headset features convenient, in-line volume and mute controls, as well as a rotating, noise-canceling microphone that stows neatly away when enjoying music or movies. The flexible microphone boom adjusts for optimal voice clarity.

50-word description

Look good, sound great. Customize the Logitech Stereo Headset h230 with any of the four included colors. The sleek, behind-the-head design adds style to any video or voice chat. The headset features convenient volume and mute controls, and a rotating, noise-canceling microphone that stows neatly away when enjoying music or movies.
